# FRENCH PRESIDENT FALLS FROM TRAIN Villa Given Ultimatum, Asked to Retire

## DECISION WHETHER HE IS AT PEACE OR WAR DUE MAY 25

### DE FACTO AUTHORITIES OF MEXICO TAKE VIG- OROUS PRECAU- TIONS.

### SEEK U. S. BONDS

Representative Assures Wilson  
New Regime Will Be Har-  
monious.

Aboard Special Train of General  
Calles, La. Por, Coahuila, May 23.  
The de facto authorities of Mexico have  
served an ultimatum on Francisco  
Villa, giving him until May 25 to  
decide whether he is to be at peace  
or at war with the new government.  
Gen. P. Elias Calles announced late  
today.

In making the announcement Gen-  
eral Calles gave the Associated Press  
his complete correspondence with  
Villa. Calles is minister of war un-  
der the de facto government.

On May 20 at Chihuahua General  
Calles announced he submitted to  
Villa the following proposition:

First, that Villa declare his retire-  
ment to private life.  
Second, that with escort of 100 to  
150 trusted followers Villa should go  
to Sonora and quietly wait until after  
the general elections are held in  
Mexico.

Third, after the elections Villa to  
retire to private life permanently but  
with permission to go anywhere he  
pleased.

Fourth, such of Villa's men as  
desired to remain in the army would  
be attached to Calles' own forces  
"for their own greater security."

Gen. Calles is taking vigorous  
measures for any eventualities con-  
cerning Villa, he said.

### LABOR LEADER ASSURES U. S. OF HARMONY

Washington, May 24.—A message  
from General Obregon, one of the  
chiefs of the new revolutionary gov-  
ernment in Mexico, assuring Presi-  
dent Wilson that the revolutionary  
regime contemplated the most har-  
monious relations with the United  
States, today by Luis M. Morones, a  
Mexican labor leader.

Mr. Morones gave assurances that  
the revolutionists could not be con-  
sidered directly or indirectly re-  
sponsible for the killing of the de-  
posed president, Venustiano Carranza.  
General Obregon and the of-  
ficial working with him, Mr. Morones  
said, had been given explicit or-  
ders not to harm General Carranza.  
Mr. Morones was accompanied to  
the White House by Samuel Gom-  
per.

### CARRANZA ALONE WAS KILLED IN MISTY MORN

Mexico City, May 24.—President  
Carranza alone was killed during the  
misty morning hours of May 23 in  
the tiny mountain hamlet of Chila-  
cutongo near the city of Puebla. It be-  
came known today. First reports  
stated that six others met death and  
later this was reduced to one. It was  
confirmed today that the latter is  
still alive.

### Many Theories As To Death.

While scores of theories regarding  
Carranza's death are being aired  
here, among them assassination with  
intent to discredit the revolutionary  
movement and the killing in the same  
category, some even suggesting sui-  
cide, the report of the commission of  
investigation sent by General Carranza  
and Gonzales is being awaited with  
great interest in the expectation  
that it may make astonishing  
disclosures and result in unexpected  
arrests.

### Velled in Mystery.

Now it appears, the liberal constitu-  
tionalist leaders are anxious at the  
tragedy from the point of view of  
national prestige. The steam-  
boiler, with a mystery that  
continues to grow as new incidents  
come to light.

Even the extraordinary sessions of  
the Mexican congress called to  
begin today for the choice of a pre-  
sidential president have been placed  
in public attention in view of  
the latest developments in connection  
with Carranza's death.

### PRICE OF SUGAR IS AGAIN ADVANCED

NEW YORK, May 24.—The American  
Sugar Refining company today in-  
creased the price of sugar one cent  
to 22 1/2 cents, marking the third ad-  
vance of its kind within a week. The  
company said the increase was  
necessary because of the increased cost  
to the company of the sugar cane and  
a statement issued by the company.

### WHEELER OF FRISCO TO NOMINATE JOHNSON

Chicago, May 24.—Elihu  
Johnson of California will be nomi-  
nated for president at the republican  
national convention here by Charles  
S. Wheeler, San Francisco. It was an-  
nounced at Johnson headquarters here today.

## Jail Mob Quiet, Negro Admits Slaying Moore, Attacking His Fiancee

Young Chicago Girl, Secretary to Britten, Victim of Road Hold-  
Up; Near Washington; Troops Disperse Thousands  
Storming Court House.

(By Associated Press.)  
Washington, May 24.—A detachment of cavalry from Fort  
Myer was called out Sunday night to disperse a mob of more  
than a thousand persons who surrounded the jail at Alexan-  
dria courthouse, 12 miles from the limits of the District of  
Columbia, attempting to obtain possession of William Turner, a  
negro.

Arrival of the cavalry scattered the mob which had frimed  
during the afternoon, threatening to lynch the negro.  
Late Sunday night the little village was reported quiet.  
Turner confessed on Sunday, according to State Attorney  
Frank L. Ball, that he shot and killed T. Morgan Moore, and at-  
tempted to attack Moore's fiancee, Miss Pearl Clark, secretary  
to Representative Fred Britten of Illinois, after holding them  
up on the road early in the morning.

Turner, who was arrested in a  
woods near here a few hours  
after the attack on Moore and  
Miss Clark, is now under heavy  
guard.

Miss Clark is ill at her home  
here, suffering from shock and  
from the injuries sustained at  
the hands of the negro, who seized  
some jewelry from her and ran away  
after having dragged her by the  
throat for some 50 feet.

According to the police, the negro  
herd up the couple who were driv-  
ing in an automobile, with the de-  
mand, "Give me a dollar." Upon  
Moore's refusal he threatened to kill  
him. Miss Clark leaped from the car  
and ran away. The negro seized a  
revolver from a door pocket of the machine, fired at  
him. One of the bullets struck Tur-  
ner's right leg, and another his right  
hand.

Turner shot at Moore. Turner  
told police he shot at him—three  
times, he believed.  
One bullet pierced Moore's heart  
and he fell dead on the roadway.  
Miss Clark screamed when the  
negro seized her, which frightened  
him into running away, after he had  
grabbed two of her rings and a  
watch that she offered him to induce  
him to let her go.

### Negro Twice Wounded

The sheriff's posse found Turner  
in the vicinity of the Arlington cem-  
etery. As they started for him, he  
attempted to draw a revolver. At  
the jail it was found that his right  
thumb had been partially shot away,  
and later another bullet wound was  
found in his right leg. After the dis-  
covery of these wounds, he con-  
fessed, the state attorney said.

Miss Clark had been Turner's  
secretary for the last two years. Her home was formerly  
in Chicago. Moore, a widower, was  
an employee of the navy, and a  
company. They were to be married  
soon.

### Princess of Thurn and Taxis.

The Princess of Thurn and Taxis,  
widow of Prince Victor of Thurn and  
Taxis, has been sued by Bernard E. S. Gregory. He demands  
\$50,000 damages on the ground that  
the princess, denounced him as a  
swindler and impostor. The princess  
was prepared to return to Europe  
when this action was started. It will  
decide her.

## HOYNE IS TARGET OF MYSTERY SHOOTING

State's Attorney Believes As-  
sailants Seek Revenge for  
Enright Case.

(By Associated Press.)  
Chicago, May 24.—Detectives to-  
day sought to unravel the mystery  
surrounding two attempts yesterday  
on the life of MacLay Hoyne, state's  
attorney. From a post in a vacant  
house across the street from the  
Hoyne residence two rifle shots were  
fired at Francis J. Hoyne, 15-year-  
old boy, who strikingly resembles  
his father. In connection with the  
attacks Mr. Hoyne revealed that  
since prosecution of the men charged  
with the murder of Maurice (Boss)  
Briant, labor leader, was begun, he  
and his assistants had received  
scores of threatening letters and  
telephone calls.

### Excuse Many Theories.

"In the past seven years I have  
received hundreds of threatening  
letters," Mr. Hoyne said, explaining  
that many of them came when he  
began prosecutions after the race  
riots here, others apparently from  
radicals about a day, and that  
the most recent ones were connected  
with the Enright murder case.

### Busy With Murder Trials

Mr. Hoyne said he would not be  
deterred in further prosecutions,  
adding that within the past two  
weeks seven men charged with murder  
have been sentenced to death and  
that trial of 27 more will be held  
in the next two weeks.

### SEN. SMOOT CHARGES POLITICAL INTRIGUES

(By Associated Press.)  
Washington, May 24.—Charges that  
a federal trade commission investi-  
gation of the Utah-Idaho Sugar com-  
pany was being used in an effort to  
defeat him for re-election were made  
in the senate today by Senator Smoot,  
Republican, Utah.

Although Senator Smoot said he  
had only a nominal stock interest in  
the company, he declared the commis-  
sion activities were being directed  
against his political interests.

### PLANE FOUND AT SEA, NO TRACES OF ANY OCCUPANTS VISIBLE

New York, May 24.—A hydro-  
plane marked "Number 28" was  
picked up at sea today off  
Socorro Island by the steam  
ship New York. The hydro-  
plane was upside down and  
there were no traces of any occu-  
pants.

### MAXFIELD'S AUTO TIRES ARE FOUND

(By Special Correspondent.)  
Edgerton, May 24.—Chief Spring-  
er has recovered the automobile tires  
that were stolen from Judge H. L.  
Maxfield's car while the judge was  
attending a high school function in  
this city recently.

## HITCHCOCK GRILLED IN INQUIRY OF WOOD CAMPAIGN FUND

### NO EVIDENCE OF EXTRA- ORDINARY EXPEN- DITURES IS ADDUCED.

### McSWEEN QUIZZED

Sen. Johnson's Eastern Man-  
ager Tells of Money Sent  
to West.

(By Associated Press.)  
Washington, May 24.—No evi-  
dence of extraordinary expenditures  
was adduced at the opening today of  
the senate investigation into pre-  
convention campaign expenses  
and contributions.

The largest outlay specifically tes-  
tified to was \$15,000 which Frank H.  
Hitchcock, end of Major General  
Wood's managers, said had been  
sent into New Jersey by the Wood  
organization. Angus McSweeney, east-  
ern manager for Senator Johnson of  
California, said his candidate sent  
\$13,207 into that state.

### Hitchcock Gives Little Light

Mr. Hitchcock told the committee  
he could throw little light on Gen-  
eral Wood's campaign finances and he  
was not asked as to contributions.  
Mr. McSweeney testified that the total  
of contributions to Johnson's nation-  
al expenditures had totaled \$72,230.

Both Mr. Hitchcock and Mr. Mc-  
Sweeney said state organizations had  
gathered their own funds in many in-  
stances, this being true in Michigan  
and other states.

### Three Managers Cited.

After Mr. Hitchcock had concluded  
his testimony the committee sum-  
moned A. A. Sprague, eastern man-  
ager, and Col. William C. Proctor,  
Wood campaign managers. Mr.  
Hitchcock said Mr. Sprague was  
a resident of New York and was in  
charge of the campaign in the  
eastern states.

Mr. Emerson said Gov. Lowden first  
refused to accept any contribu-  
tion, saying he would furnish all  
funds himself, and he testified that  
the governor had turned over to him  
\$379,178.78. Contributions from other  
sources, he said, totaled \$35,825.

### More Relief Needed

The "recent remedial legisla-  
tion is good as far as it goes," he  
said. "The return of 6 per cent  
per annum will, I believe, be wholly  
inadequate, but a beginning has been  
made on sound lines and as time  
goes on congress will realize that the  
rate of return on railroad property  
will have to compare favorably with  
the returns to be had in other in-  
dustries or government ownership  
will inevitably result."

### FREIGHT IS SURVEY AT RAIL GATEWAYS

(By Associated Press.)  
Washington, May 24.—Thirty lo-  
cal committees located at all the  
principal rail gateways were to-  
day surveying their individual freight  
problems with a view to recommend-  
ing to the interstate commerce com-  
mission a policy to be followed in  
the future relating to priorities in  
freight movement. In the meantime  
the general exchange of equipment to  
commerce tomorrow is expected to  
ease the congestion of roads to a  
certain extent.

### RIO GRANDE FLOOD WATERS RECEDING

Albuquerque, N. M., May 24.—Over-  
flowing waters of the Rio Grande that  
threatened Albuquerque last night re-  
ceded one inch since 4 o'clock this  
morning. It is believed that the threat  
has passed.

Several bridges along the stream  
have been damaged and hundreds of  
acres near here were flooded. No loss  
of life has been reported. Many resi-  
dents in the lower zone abandoned  
their homes. Many tourists over the  
ocean highway are held  
up.

### First Draft in Fund to Decorate Graves of Men Buried Overseas is Sent

A draft for \$120 was sent to  
the Chicago Tribune Overseas  
fund for the decoration of the  
graves of American service men  
in Paris and other centers in  
foreign battlefields in cemeteries  
in France and other countries.  
This represents the contribu-  
tions received by the Gazette up to  
Saturday evening. Additional  
subscriptions have been re-  
ceived today, which will make  
above \$150 in all for the fund  
from Rock county.

Contributions will be received  
until noon on Tuesday when the  
fund must close. By the ar-  
rangement with the Tribune the  
money will be cable to the  
headquarters of the committee  
in Paris and other centers in  
time so that every grave in  
which sleeps an American ser-  
vice man will be remembered  
with flags and flowers.

In five hundred burial places  
on Monday, May 31, and on the  
Sunday before scenes like that  
shown in the picture will be re-  
peated in France, Germany and  
other places where soldier dead

## Australians Desire Local Housing Data

Efforts of Janesville to find the  
key to the acute housing situation  
here has evidently received consid-  
erable publicity. The Chamber of  
Commerce today received corre-  
spondence from a Sydney business  
man and manufacturers in Sidney,  
Australia, asking just what plans had  
been determined on and followed to  
relieve the condition. From the letter  
it was evident that the inquirers  
labored under the belief that the so-  
lution here was well advanced.

Inquiries from the Texas, Califor-  
nia, Louisiana, Colorado, the east  
and from Canada are not uncom-  
mon.

## RAIL OWNERSHIP HANGS IN BALANCE

### Strauss Pleads for Higher Rates As Only Remedy to Save Roads.

(By Associated Press.)  
Washington, May 24.—Events of  
the next few months or weeks will  
determine whether government own-  
ership of railroads will come again  
—despite popular opposition—Fre-  
derick Strauss, New York today  
warned the interstate commerce com-  
mission, contending that the main  
thing at present is to establish a feel-  
ing of security in the minds of in-  
vestors.

"Government guaranty would  
necessarily be followed by govern-  
ment ownership," Mr. Strauss  
declared. "But the people's aver-  
sion to government ownership is of no  
avail unless such policies are adopt-  
ed as will preclude it."

### Pleas for Higher Rates

Low nominal rates are of no use  
to the shipper, Mr. Strauss asserted.  
The rates are not moved in suf-  
ficient quantity and there are only  
two ways in which it can be ac-  
complished.

One is by an increased charge for  
the shipment of the goods, he said,  
and the other is by an appropriation  
out of the national treasury by a levy  
on tax payers to cover the deficit.

Railroads at present can offer no  
inducement to the investor combining  
safe bonds with speculative value.  
Mr. Strauss said.

### More Relief Needed

The "recent remedial legisla-  
tion is good as far as it goes," he  
said. "The return of 6 per cent

### U. S. RAIL CONTROL LOSS \$900,478,000

(By Gazette Correspondent.)  
Washington, May 24.—The gov-  
ernment's gross loss in operation of  
the railroads during federal control  
was \$900,478,000 according to the  
final report of Swager Sherry, rail-  
road administrator, director of the  
Bureau of Railroads. Of this total  
\$677,513,000 was chargeable directly to the excess of  
operating expenses over revenues  
and rentals for the year. The balance  
of \$222,965,000 was due to the  
loss of freight and passenger revenue.  
Mr. Sherry said. Smaller  
lines, sleeping car companies, and  
inland waterways added \$45,460,000  
to this total.

barrel in 98 pound cotton sacks, in

## BITTER FIGHT IS PROMISED AT SPECIAL SESSION

### RENT PROFITEERING AND STATE HOSPITAL BILLS ARE ATTACKED.

### SOCIALISTS FIRM

Philipp Determined to See His  
Two "Constructive Meas-  
ures" Passed.

(By Gazette Correspondent.)  
Madison, May 24.—The special  
session of the Wisconsin legisla-  
ture convening at Gov. E. L. Philipp's  
call at 2 o'clock tomorrow afternoon  
in the words of the old melody  
will be "a hot time in the old town  
tonight."

Indications since the call has been  
made public make it absolutely  
certain that a bitter fight will be  
made against the two chief proposals  
of the executive. These bills, the  
rent profiteering measure and the  
hospital bill, with the four year  
medical course at the university and  
the means of financing them as  
proposed by the governor through a  
rent tax on the grounds that it  
should have been put into the  
hands of the industrial commission,  
or better still a new commission  
for the purpose of raising funds  
for its operation as well as the con-  
struction of the hospital through an  
increased mill tax has aroused the  
opposition of the legislature.

"There are not enough people in  
Madison to warrant such a hospital,"  
they contend. To which reply uni-  
versity faculty members and friends  
of the proposal said that the hospi-  
tal is a necessary institution but  
for the entire state. They point to  
the illustrations such as the Iowa  
state hospital and the Rochester  
hospital, where they have  
not even a great medical school as  
is proposed to accompany the con-  
struction of the hospital.

### Philipp Determined

Governor Philipp, from prepara-  
tions being made at the executive of-  
fices is determined to see these  
measures of his put through.  
He has made the matter clear in an-  
nouncing his call that "these meas-  
ures are not a question of politics  
with me. I am desirous of doing  
something for the people of Wiscon-  
sin and will bring relief and help to  
the people of Wisconsin."

Legislators began to arrive in Ma-  
dison Saturday morning. John A.  
Gonant repeated his previous per-  
formance of coming to the capitol in  
the plane of his aviator brother.

### Some Things Hurry

No estimate can as yet be made as  
to the length of the session. Social-  
ist members of the house and senate  
visiting Madison last week declared  
that they would not leave until the  
end of the week or we will  
leave anyway."

And then there is the matter of  
"bitterness" of maintenance.  
The state-house town makes no  
special reduction in the old H. C. L.  
to accommodate the law-makers and  
a cent a mile even though it is  
paid for passage both ways doesn't  
amount to much when a session is  
drawn out for three or four weeks.

### Farmers' Losses Heavy

To the farmers' loss of income is  
added the problem of late spring with  
delayed plowing and planting. All  
these will have effect on the length  
of the gathering. The session will  
last for 10 days  
at least, with a probability of an ad-  
journment for the national repub-  
lican convention in St. Louis after  
the Chicago meet.

Governor Philipp will make his  
address to the joint houses about 4  
p. m. Organization of the session  
will take up little time as the  
officers of the 1919 regular session  
will be re-elected.

There are Speaker Riley Young,  
for the lower house, Lieut. Gov. E.  
Dithmar for the senate.

der of Greece is reported here

cally to Mile. Manos, daughter

and the lines are swaying to and fro.

### Mostly Infantry Encounters.

fantry encounters through the open  
swampy country. The latest official  
statement says that the bolsheviks  
were thrown back at most places in  
a two day battle, leaving many men  
killed.

The fighting spirit of the Poles was  
stimulated by the finding of 200  
soldiers who it declared, had  
been wounded and then killed by the  
bolsheviks, with rifle butts.

### Red Aviators Brought Down.

Electrical Expert Here for Lecture

C. E. Pettengill, representing the state industrial commission, will give a lecture and demonstration upon how to comply with the new automobile light law at the city hall, beginning at 8 o'clock tomorrow night. The lecture is intended primarily for garage men and police officers, but motorists are also invited to attend.

Pettengill will demonstrate how easily each motorist may properly equip and adjust his headlights at little expense. He will also demonstrate the application of the various better grade lenses.

"The proper adjustment of headlights says a recent bulletin of the commission is of greater importance than the device used for eliminating the glare," says a recent bulletin of the glare. Even the best devices will not meet the requirements of the new law, if not properly adjusted. Our representative, consequently, will show how to focus lamp bulbs in the reflector, how to choose the proper type and size of lamp bulb, and what adjustment and tilt of the headlights is required to secure the best results in the various types of devices of lenses. Our representative is equipped with a very fine demonstrating outfit, with which he can show both the right and the wrong way of equipping headlights.

Mr. Pettengill is an expert in automobile lighting and teaches auto-electricity in the School of Engineering, Milwaukee.

In the future it will be evidence of negligence, if a motorist has lights on his car which do not meet the requirements of the new law. It is, consequently, of great importance that all of the 250,000 motorists of the state should understand the new law and know what they should do to meet the requirements.

## What Have You To Say Here?

Mayor Welsh is worried over the request for admission to the city of a new addition. He and the members of the council have a question to answer and they want the people who have ideas and interest in the city to help them answer it. Here is what the mayor has to say:

At the last meeting of the Council, the Advance Realty Company, made a petition to the Council, to incorporate within the city limits, a tract of land southwest of the city, approximately two square miles, to be known as River Heights Addition.

The Council laid the matter over until its next meeting, which will be Monday May 31st. The members of the Council and myself at least those with whom I have talked the matter over, are all at sea in this matter. We do not know whether the advantages or disadvantages to the city, should this petition be granted, will balance. We are asking the citizens who are interested and who are competent to advise us in this matter, to express themselves on this subject.

There are now more than one thousand acres of farming land and unimproved city lots within the present corporate limits that have been paying taxes for years and years for the city improvements. The question is: Will we be doing justice to those property owners and to the present limits, when water and sewer is now within reasonable reaching distance, if not already laid to these premises?

There are many other questions to be answered in this matter. It is of greater importance to a lecture and demonstration upon how to comply with the new automobile light law at the city hall, beginning at 8 o'clock tomorrow night. The lecture is intended primarily for garage men and police officers, but motorists are also invited to attend.

Winnipeg, Man.—Indians who were brought to Winnipeg from the far north to participate in the Hudson's Bay anniversary pageant, some of whom have never been in a large city before, when asked what they thought was the most wonderful thing witnessed here, declared it to be the bicycle.

The reason for this, it is said, was because the Indians could not see the working of the bicycle, whereas he failed to understand the complicated mechanism of the locomotive engine, the airplane, the automobile or the immense structures of the city.

# Dumont Pitches Tractor to 3-0 Win Over Soldiers

**Slabman, Backed by Good Fielding, Has an Easy Time With Fort Sheridan**

**Sammies Capture Seventh Victory of Season on Soggy Field—Schwind Stars—Dumont Toys With Soldier Team.**

George Dumont, diminutive wizard of Perring's squad of hurlers, toyed with the Fort Sheridan nine at the fair grounds yesterday while his mates went out and did enough damage to make the final count, Samson Tractors 3, Fort Sheridan 0, the seventh victory of the season. The game was played on a slow field, soggy with the downpours of Saturday.

The little Samson artist struck out seven soldiers and allowed only four hits. He issued but one pass. Dumont was never in danger—he held the key to the situation throughout. With the Sheridanites completely at his mercy and backed up by flawless fielding, he worked easily being forced to display his real ability in only one inning—the fifth, when he heaved himself out of a bad hole, two on and but one out.

**Solve Frank Delivery**  
A long and lean gent by the name of Jaeger, performed on the mound for the Tractors and succeeded in registering four strikeouts. The Tractors found his freak delivery for five hits, one of which was a two-bagger by Schwind, and graciously accepted the three free tickets he handed out. Outside of that it was a rather quiet day in that section of the city.

The Samson wrecking crew spread its three runs over as many innings—the second, third and eighth. It was Manager Perring himself who started the fun in the second. His long roller to left field was only good for a single at the moment, but Walker let it roll through him. By the time he had recovered and fielded it into the diamond, the Samson chief had legged it around to third. Lechro's error scored him. Singles by Breckinridge and Holland and an error at third accounted for the tally in the next inning while Schwind scored on all by his lonesome in the eighth. Driving out a hot double, he pulled up at third on Jaeger's balk, and scored home.

**Sammies Threw in Pinches**  
Of the six soldiers who succeeded in reaching first, only two ventured farther. One died at third simultaneously with the one at second, Dumont and the whole Samson team were invincible in the pinches. He showed up especially well in the first round when he rattled the side with four balls and in the third when three went down in a row via the strikeout route.

The Samson infield looked as strong as usual, Schwind bearing the brunt of the attack handling six chances without a slip while Beale played another of his sensational games at first accepting 10 chances with but one boot. Holland shone big at second while the grand old man at third handled six chances. Not a man stole second on Shook. Of the four flies to the garden, Lechro pitched two, while Breckinridge and Andrews grabbed off one apiece.

Schwind's one-handed running catch of Jaeger's hard drive in the sixth was a feature.

## Covering the Bags

Did you see it? The new score board. We hate to kick, but might as well have it right as not. Why aren't the innings numbered?

Jaeger had some funny delivery pitches for the soldiers. He had an underhand ball that he almost let along the ground to start, then team that sent the egg whizzing across the plate, often close up to the batter.

Dumont pitched only four balls to relieve Fort Sheridan in the third, and did not allow a hit until the fifth.

If Daddy Perring—only had a good leg in the second yesterday—would have made three sacks, anyway, and scored on Big Bill Lechro's single.

Beale was nipped with the spikes in the second and had to slow up in his running for the rest of the game.

Schwind pulled another of his famous stunts when he pulled in a fly ball in the sixth. He followed this by a clever stop in the soggy field.

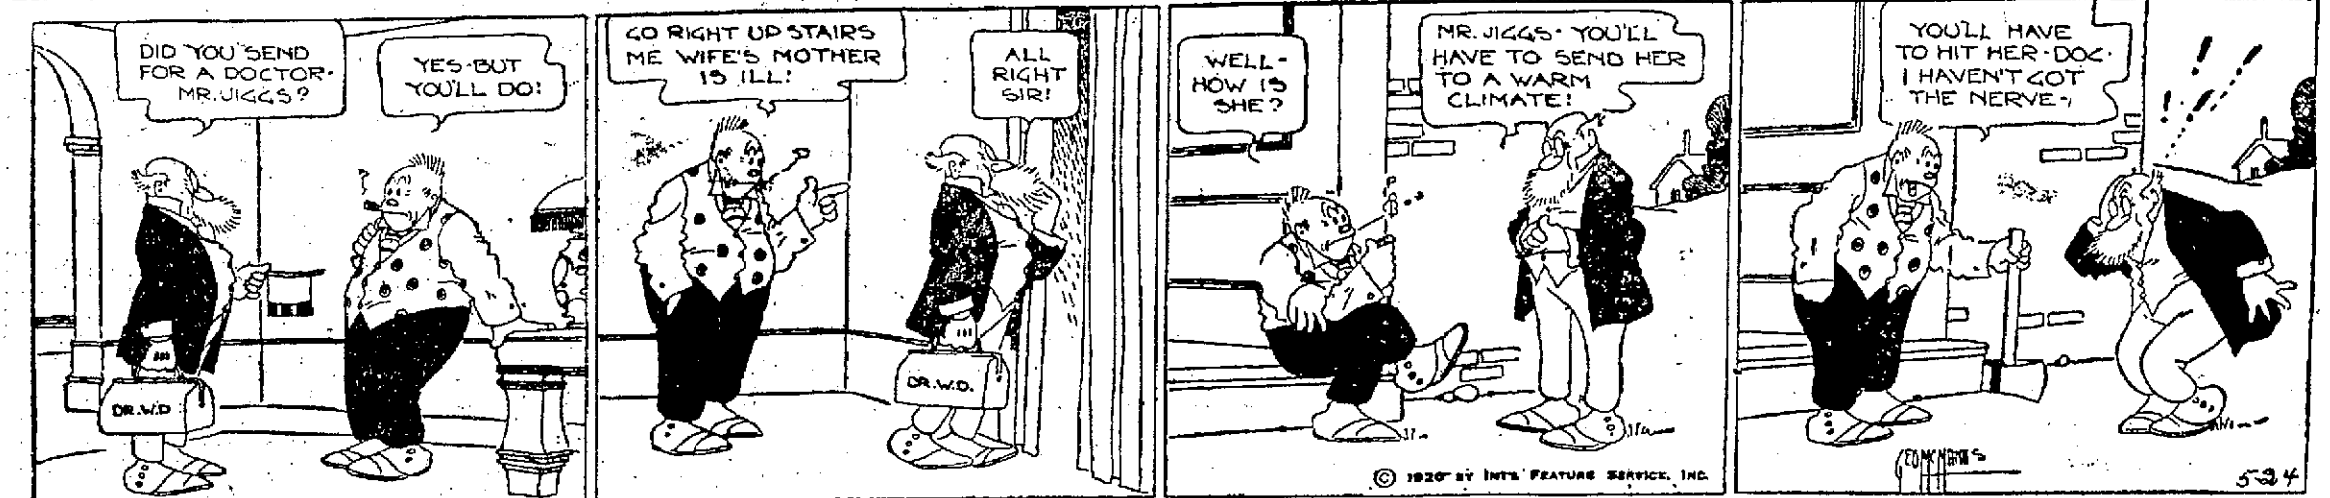

Major, captain, "fools" and "shovelers" on the bench made us think of the old days "over across."

H. H. Gallenau, president of the Janesville Realty Board, is an old ballplayer. It was his last yesterday when he renewed acquaintances with Shortstop Schwind, that he played with Fort Wayne in 1913.

## METROPOLITAN RACE AT BELMONT TODAY

Sam Hildroth had four entries—Purchase, Nida Hatter, Thundercap and Corn Tassel. And Harry Payne Whitney two—Wildcat and Dr. Clark. A. K. MacCombs six year old Star and Corn Tassel. The "Red" four year old gelding Billy Kelly completed the field.

## BRINGING UP FATHER

## STARS BEAT FAIRIES IN ELEVENTH, 11-9

**Janesville Boys, Crippled, Put Up Classy Game—Hager Works Out of Pickle.**

An 11th inning batfist at Beloit yesterday was played by the All-Stars of Janesville from the Fairy Apprentices 11-9. A line drive by Hager, a perfect hit by Bick, and a smash by Graesslin after each of his predecessors had stolen a base, brought in the two runs for victory.

With Bick and Dawson ready to start the game, the Stars were crippled by the absence of a catcher. Crowley missing his car. Stevens was out with a bum knee and could not be used. As a last makeshift, Bick tried the job for the first time in his experience.

**Dawson Starts on Slab**  
Dawson started on the rubber for the All-Stars holding the score to 6-4 in favor of the Janes until the eighth when he was relieved by Hager.

The Stars got their first run in the first on a hit and base on error and a sacrifice fly. In the second they got another when Dawson singled, stole second and third and came in on an error. In the fifth, the Stars grabbed three tallies on a walk, base on error and a couple of hits. In the eighth and ninth, they piled up four runs and had a good lead of 9 to 4.

**Hager in Bad Way**  
Then Hager started to get in bad. He walked a couple of Fairies and hit the next one on the arm. With the bases loaded, Pasche drove a single, scoring one man and then Hager.

## Next! Talk of Boxers' Union in Empire State.

New York, May 24.—If Governor Smith signs the Walker bill legalizing boxing in New York state, attempts will be made to organize a boxers union, according to President Holland of the State Federation of Labor.

## Scribes' Attention!

The sporting editor urges all scribes in reporting games to use one side of the paper only and write with a very black pencil. There is only one side to a piece of paper in a newspaper office. If you will bear this in mind, there will be a much better chance for your stuff getting published.

## PIRE OUT-TWIRLS TWO MONROE MEN; RAILS VICTORS, 1-0

Featured by a pitcher's duel between Pire and Darling and Dunwiddie the C. M. & St. P. Rails yesterday won their opening game of the season from the fast Monroe City team 1-0. The quick start off of the season predicts a recurrence of last year's successful run of games when the Rails won 20 out of 24.

Yesterday's contest was exceptionally fast, being played in an hour and 20 minutes with not an error being charged against either team. Pire struck out 18 cheese boys while Darling and Dunwiddie of Monroe made 14 whiff the air. The Rails garnered four hits to Monroe's one.

Only scoring of the battle came in the third when Condon drew a free cardboard to first, stole second and scored on Pire's single.

Monroe has an exceptionally fast team.

Two hits and a sacrifice in the opening inning gave Juneau the only run of the contest. Both pitchers were in rare form and both were given excellent support.

At Jefferson, Whitewater bunched several hits with errors in the sixth innings, and scored enough runs to win, 4 to 1.

The game at Fort Atkinson between the Forts and Watertown was called off because of wet grounds.

Big crowds witnessed the games at Jefferson and Juneau.

## VETERANS SHOW METHODIST ZEAL

Civil War Survivors Attend General Conference of Church.

(By REV. FRANKLIN F. LEWIS.)—One of the most historic and touching scenes witnessed at the general conference of the Methodist Episcopal church, in session here, was the introduction to the conference, Saturday morning, of the only four members of the conference who were soldiers in the Civil war.

The Methodist church was formally thanked by President Lincoln for furnishing such a large number of

soldiers in that conflict, and after the war was over thousands of the young men returned to leadership in the church as well as business men, while others entered educational and missionary endeavor, all of which became leaders, and many of which were selected to represent the church at the quadrennial conference from time to time.

**Veteran Rankers Thin.**  
As late as 1906, 40 of these defenders of the Union were delegates. But this number has diminished until today only four, stooped and feeble veterans, represent this great epoch in our history.

The list was headed by Bishop Cranston, and after their names were called, they took the platform amid applause, and modestly stood in review, thus bringing to the assembly a solemn feeling of responsibility for the future and profound gratitude for past achievements.

**Plan Memorial Day.**  
A committee was then appointed to arrange for the proper observance of Memorial day by the conference.

While the recent world war is remembered by a few delegates, the conference will no doubt see an increasing number from that great world struggle, as the soldiers in the leadership they will soon command. The occasion brings to the conference the feeling that this will probably be the last time a representative of the Grand Army of the Republic will ever be a delegate to the general conference. But the militant spirit of Methodism will still be preserved in the fighters for "liberty, equality, fraternity," that "government of the people, for the people, and by the people shall not perish from the earth."

### Russian Count in Overalls Is Sheltered in Toledo

Toledo.—Toledo is sheltering a Russian count in overalls. He is Count Constantine Rachinsky, one of the many noblemen of Russia whose place and fortune were swept away in the overthrow of the old regime in the life of the Bolshevik revolution. The count's father was killed by soldiers during the first revolution in December 1917. The son succeeded to the title. During the war he was an officer in the guard imperial and served on every Russian front. Count Rachinsky is working in a local automobile manufacturing plant learning the various parts of the automobile.
